County Mental Health Clinics

We provide single session therapy sessions for children and youth up to 18 years of age, and their families.

Our Mental Health Clinics offer you an opportunity to meet with trained therapists for help in your time of need. A single session of therapy may be sufficient, and the Mental Health Clinic may be used more than once.

Parents/guardians – you may access this support with or without your child.

Youth - you may opt to access this support on your own.

Our Team will work with you to ensure that you receive the most suitable supports.

You do need to schedule an appointment to attend this service. See our website for a monthly calendar of Clinic locations, dates/times, and how you can access them.
