Dual Diagnosis Program

We provide an assessment and treatment program for children and youth 6 to 18 years of age with specific special needs and who are experiencing mental health-related difficulties. We also offer support to caregivers.

Our program may be a good fit for you if you are the parent/guardian of a child/youth diagnosed with a mild to moderate developmental disability or autism and who may require:

- Support to maintain safety in the home, school, and community
- Intervention/ support for your youth to adapt to the social and behavioral demands of adolescence
- Assistance with the process of accessing adult developmental services for your youth

Our Team will work with you to ensure that your family receives the most suitable supports.

If you need more information or would like to book an appointment, please contact us at 519-337-3701.
