Early Years Mental Health Services

We provide a range of support services to parents/guardians and their children from infancy to 6 years of age who are facing social, emotional, and/or behavioural difficulties.

Our services may be a good fit for your family if your child:

- Engages in hard to manage behaviour at home or in the community
- Is experiencing relationship difficulties with family and friends
- Has ongoing struggles with daily routines (such as sleeping, eating) that are not due to medical illness
- Has experienced a difficult or stressful life event
- Appears to be sad, anxious, or clingy

Our Team will work with you to match our services with the needs and strengths of your child and family.

If you need more information or would like to book an appointment, please contact us at 519-337-3701.

“The parent-child relationship is the most powerful influence on children’s early brain development.” McCain & Mustard, 1999
