Therapeutic Family Program

In partnership with trained Foster Parents, we provide a comprehensive intervention program to community-based female youth who are not involved with the Children's Aid Society and who are not currently able to reside with their families.

Female youth who are 13 years of age or older may benefit from this program if they are:

- Experiencing high levels of family conflict
- At risk of out of home placement
- Experiencing behavioural difficulties at home, school and/or in the community
- In need of creative supports beyond what can be provided within their family home

Our Team will work to ensure that the youth, the family of origin, and the treatment foster family receive the most suitable supports.

If you need more information or would like to book an appointment, please contact us at 519-337-3701.
